

CITY OF LONG BEACH

LONG BEACH AIRPORT

EMPLOYMENT OPPORTUNITY

ELECTRICIAN - NON-CAREER

Salary Range: \$19.70 - 26.78 hour

Monday – Thursday, 7:00 a.m. to 3:30 p.m.

The Long Beach Airport has an immediate opening for a non-career Electrician. Electricians are utilized at the Airport for a variety of functions including but not limited to: installing, maintaining, testing, wiring, and repairing lighting; monitoring motor control, and powering apparatus and equipment throughout the Airport property and airfield. Non-career employees do not receive benefits and are limited to 1600 work hours in a twelve-month period.

EXAMPLES OF DUTIES:

Under direct supervision, wires, installs, maintains, repairs and tests lighting, monitors motor control, powers apparatus and equipment; performs related work as required for wiring facilities for open and concealed power and light; makes electrical connections of apparatus and equipment; installs, removes or repairs electrical equipment; troubleshoots and makes temporary emergency and permanent repairs to circuits and equipment; installs, repairs and maintains airfield lighting systems, installs, maintains and repairs decorative lighting and signage; follows prescribed safety rules in the performance of necessary hazardous tasks requiring good physical strength and agility; may operate and perform electrical work from a man lift or bucket truck; performs other related duties as required.

MINIMUM REQUIREMENTS:

Candidates must meet one of the following requirements:

- A. Five years (full-time equivalent) of paid work experience as an Electrician, two years of which must have been as a journey-level Electrician.
- B. Certification as a State of California General Electrician (proof required)*.
- C. Valid State of California General Electrical Contractor's License (proof required)*.

Candidates must be willing to work nights, weekends, holidays, standby and emergency duty as required, and climb when performing overhead electrical work.

Must pass a thorough background screening.

Must possess a valid Class C California Driver's License and the ability to obtain an FAA regulated Airport Driving Permit. The ability to drive safely on Airport runways and taxiways while communicating with the Air Traffic Control Tower is the basis for obtaining an Airport Driving Permit.

SELECTION PROCEDURE:

Interested candidates must submit a cover letter and resume with detailed work experience to:

**April Turnbull, Administrative Analyst
Long Beach Airport
4100 Donald Douglas Drive, 2nd Floor
Long Beach, CA 90808**

Resumes and cover letters must be received by **4:30 PM, Friday, June 4, 2010**. Candidates meeting the minimum requirements will be invited to participate in the selection process, which will include an interview by a selection panel.

*Proof of B or C above must be attached to resume.

This information is available in an alternative format by request to the Personnel Services Division at (562) 570-2610. If you require an accommodation because of a disability in order to participate in any phase of the application process, please request when submitting your application or call (562) 570-2610.
